PRICE, FIVE CENTS.

SHORT SESSIONS.

The Senate and House Taking Things Easy.

TRYING TO COMPROMISE.

The House Still Dodging the Fellow-Servant Bill—That Great Ball Game Next Monday.

Special to the DEMOCRAT.

JEFFERSON CITY, Mo., May 10.—The senate session was exactly seven minutes in length today. There was nothing to do pending the report of the conference committee, and the senators lost no time in getting out of the hot, stuffy senate chamber.

When the motion to adjourn until Monday at 3 o'clock was made Senator Peers said he wanted to interrogate the senator from Pettis. He asked Senator Yeater if that was not the day set for the ball game between Sedalia and Jefferson City.

Senator Yeater said that was the day when Sedalia was billed to knock the stuffing out of the capital team, but that the senate could meet and adjourn in time for the game.

"I rise to a point of order," said Senator Lyman. "What's the use of Pettis and Warren counties making arrangements for Monday? We know both will be at the ball game."

"I grant them both leave of absence to attend the ball game now," said President Pro Tem Dunn, and so it went on the record.

GOODWIN VS. WOOD.

The Case Was Given to the Jury at 2 O'clock This Afternoon.

The evidence in the Goodwin vs. Wood \$50,000 damage suit was concluded in the circuit court last evening and the case was argued this forenoon.

E. J. Smith opened for the plaintiff and was followed by Mayor Hastain for the defense. John Cashman then followed for Goodwin, after which Geo. P. B. Jackson and Henry Lamm made their arguments for the defense, the closing address for the plaintiff being made by Geo. W. Barnett.

Court then adjourned until 2 o'clock p. m., when the instructions were given to the jury and they retired to deliberate.

At 3:15 the jury was still out.

ANOTHER JAIL BREAK.

Two Prisoners Escaped from the California Bastille.

United States Deputy Revenue Collector N. C. Hickox came in this morning from California, Mo., and from him the DEMOCRAT learns that there was another jail break there at 12:30 o'clock this morning.

Two prisoners—one of them, named Baker, sentenced to the penitentiary for twenty years for incest—sawed the bars of their cells and then escaped from the building.

The second prisoner's name was not learned. He had been indicted for some minor offense and was awaiting trial.

County Court.

Report was made to the county court today on two road cases, and they were continued until the 23d. It is expected that the contract for the printing of the financial statement of the county will be awarded this afternoon.

Arrested for Assault.

Bettie Stewart, colored, will have a hearing in Justice Burr's court this afternoon, on the charge of having struck Cynthia Davis, also colored, with a stone.

The Indians Are Coming.

The management of the Future Capital ball club has arranged for a game with the Ponca Indian ball team here next Wednesday afternoon.

A Church Sells a Lot.

The officers of the German Evangelical church today sold lot 6, block 10, Smith and Martin's first addition, to Emma S. Wittemeyer for \$2,000.

At a large dinner party the waiter spilt the gravy over the clothes of one of the guests, whereupon the lady of the house, looking daggers at the unfortunate victim, was heard to remark: "Such good gravy, too! Is there any left for the others, I wonder?"—La Champagne Recreative.

Take your children to Forest park this afternoon and let them breathe the pure country air for a few hours.

ST. ANTHONY SCHOOL.

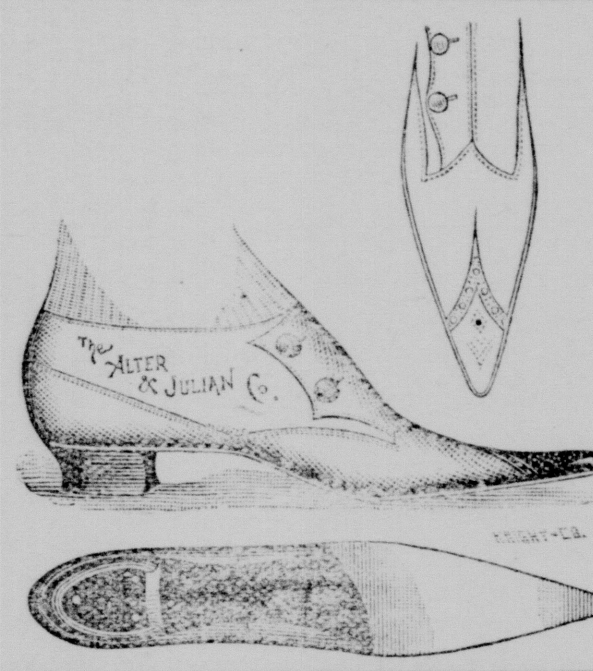

The Entertainment Given by the Pupils Last Night.

The entertainment given by the pupils of St. Anthony convent school last evening was a decided success. The beautiful parlors were brilliantly illuminated and decorated with cut flowers, and filled with a large and appreciative audience.

The programme was well arranged and most skillfully rendered, showing careful training by the Sisters of "St. Joseph."

The instrumental music was unusually fine, showing the musical talent of the following: Misses Julia Eisman, Mary Glass, Alma Cashman, Veronica Sullivan and Etta Hurley.

THE CASE CONTINUED.

Mr. James M. Stafford Charged With Embezzlement.

James M. Stafford, for many years a traveling salesman for a St. Louis grocery house, was arrested last night on complaint of A. C. Baldwin, of the Gazette, who charges that Stafford is guilty of having embezzled \$22 from the Gazette Printing Co.

The accused gave bond, and the case was to have come up before Justice Levens this morning, but as Mayor Hastain and Hon. W. D. Steele, Stafford's attorneys, had other business, as did also County Attorney Hoffman, a continuance was had until the 22d inst.

Stafford has been in the employ of the Gazette as a traveling solicitor. In that capacity he says he purchased a horse and buggy, to be paid for by him on the installment plan, but he claims that Mr. Baldwin took possession of the outfit and still retains it, for which reason he (Stafford) declined to turn over \$22 that he had collected for the company.

JEFF. CITY'S STYLE.

A Characteristic Attack from One of Its Alleged Newspapers.

The city ordinance requires that Jackson street, between Main and High, shall be 30 feet in width. The property at the corner of Main and Jackson extends 13 feet into the street, and is fenced in. Do not spoil the symmetry of the street by allowing it to remain so.

The above clipping is from the Jefferson City Courier, the new republican paper recently established.

The property referred to is the beautiful home of State Treasurer Stephens. No improvement has been made in Jefferson City for ten years which adds more to the beauty and "symmetry" of that locality than this handsome residence.

An old dilapidated frame, situated on an uninviting old hill, was removed at a great expense to place the treasurer's home upon it. It is also on a line with the property opposite his.

Come to Sedalia, Mr. Stephens. Erect a home within the confines of this hospitable city, throw the weight of your influence with Sedalia and our people will not tantalize you, will not show the ingratitude heaped upon you by the Evening Courier, but, instead, will give you a warm welcome and will make your life a happy one while in the Prairie Queen.

Of all the acts of ingratitude, this on the part of the Courier is the ranker. Mr. Stephens has built a \$12,000 home in Jefferson City, is one of its large tax-payers, has contributed \$500 towards the "proposed" bridge, and what is he getting for it? Answer: Dirt.

Rifles Pass Through.

The Thurston, the crack military company of Omaha, passed east at noon today in a special car on the Missouri Pacific, en route to Memphis, Tenn., to participate in the interstate drill which commences there tomorrow.

MARRIED 50 YEARS.

Golden Wedding of Mr. and Mrs. J. M. Van Wagner.

TAKES PLACE TONIGHT.

Also the 50th Anniversary of the Eminent Divine's Ordination—Three Generations Present.

Rev. and Mrs. J. M. Van Wagner will tonight celebrate the fiftieth anniversary of their marriage, and also the like anniversary of Mr. Van Wagner's ordination into the ministry, the celebration being held at the home of their son, Mr. C. C. Van Wagner, corner of Fourth street and Sneed avenue.

Rev. Van Wagner is in his 79th year, and fifty years ago today, at Peru, Ohio, he was married to Miss Elizabeth Johnson, who is eight years his senior. Fifty years ago the eminent divine was also ordained into the ministry in New York state, and his first charge was at Clinton, Michigan.

Ten children were born of the marriage, eight of whom are living, viz: Rev. Allen J. Van Wagner, of Creston, Iowa; Mrs. J. R. Loomis, of Osborne, Kas.; W. H. Van Wagner, assistant cashier of the Third National bank, Sedalia; C. C. Van Wagner, Sedalia; Mrs. Geo. W. Townsley, Sedalia; Mrs. J. M. Everett, Chicago; Mrs. H. W. Grant, Chattanooga, Tenn., and Mrs. A. J. Warren, of Sedalia.

All of the children will be present tonight, together with numerous grandchildren, and at least one great-grandchild—the baby daughter of Mr. and Mrs. Otis J. Rogers, of this city.

Twenty-five years ago Rev. Van Wagner and family came from Kansas to Sedalia, and remained several years. The beloved divine afterwards filled charges at Paris, Texas; Sumner, N. Y., and Lowell, Michigan. Mr. Van Wagner's last charge was at Green Ridge, after which he returned to Sedalia, and here he and his esteemed wife have since resided, although they have spent a good portion of their time in visiting their children at other points.

At the reunion tonight congratulatory letters will be read from members of all of the former parishes presided over by Rev. Van Wagner, the missives having been received during the past few days, and no doubt the occasion will be both a happy and memorable one.

Rev. Van Wagner is one of the most popular divines that ever occupied a Sedalia pulpit, and he and his esteemed wife are held in the highest regard by the entire community. That they may live to celebrate their diamond wedding is the sincere wish of the DEMOCRAT.

A MYSTERIOUS MAN.

Six Days in a Hay Loft Without Food or Water.

T. E. Glasscock, a well-known citizen of Wilton, Boone county, says that last December an unknown man, apparently about 60 years of age, and giving his name as Samuel Foster, applied to him for aid, saying that he was sick and without friends.

Mr. Glasscock took him in and nursed him at his house until he recovered. This took several months, during which time the stranger paid his board from money received from an unknown source.

A week ago the stranger disappeared. Diligent search was made, but it was not until yesterday that he was found. While putting hay in his loft Glasscock found the old man lying unconscious in the hay, where he had been for six days without food or water.

It is supposed that his mind had become unbalanced, and he had wandered into the loft, where he became too weak to return. He now lies at the point of death at the home of Mr. Glasscock. Nothing is known of him except, according to his own statement, he is a native of Indiana. He is of distinguished bearing, and has apparently seen better days.

PUSH the movement for more good streets and improved sidewalks.

CHEAPER telephone service is promised to the people of Sedalia. Do we hear anyone object?

WHAT Pettis county needs is a new jail rather than changes in and repairs of the old structure.

FROM the way prices are going up that shoe factory that was talked of a few weeks ago would have proven a bonanza.

THE Queen City should prepare to celebrate the nation's independence in glorious style this year and invite the whole state to celebrate with us.

THE new depot, the new high school building, the many similar improvements that are going on, all testify that Sedalians have confidence in the future of their city.

THE anti-lobby bill was killed with amendments. After all the most effectual protection against a lobby is to elect intelligent, fearless, honest representatives. Such men a lobby cannot use.

EVERY Sedalian should consider himself a committee of one to make the city as attractive as possible to every visitor. Sedalians are proud of Sedalia, and recognize that they have at hand all the materials to build a lasting and permanent prosperity.

THE more abuse that is heaped upon Governor Stone by the lobby element the more certain the people will be that he has done his duty. The stand the governor has taken is approved by three-fourths of the people of all parties in the state.

THE decision of the Kentucky judge who released from custody the man who slew his wife and her paramour, whom he found in an assignation house, will be generally approved by the American people. The divorce court furnishes no redress for such wrongs.

"THE sound money democrats" of Texas have denounced free coinage of silver, but there is a lamentable absence of names of well-known Texas democrats in the account of the convention. These "sound money democrats" are bimetalists, but opposed to putting the doctrine in practice.

THE Times, a bright, sparkling afternoon paper recently started at Hannibal with a big bank account and a number of most excellent gentlemen interested, gave up the ghost yesterday. It was found to be a losing business and the stockholders concluded to quit before the venture became hopelessly involved.

THE people of St. Louis are right to demand the most stringent election laws that can be enacted. But the laws alone will not purify the ballot box. The best men in the city must consent to serve as election officers and lend their influence to prevent crime and rascality as well as to punish it after the injury has been done.

THE issue before the American people just now is not whether something else than gold and silver might have been used for money, but is whether one or both of these metals shall be used. No good can come from dividing the people on abstruse theories. The issue is free coinage of gold and silver at the old ratio or gold monometallism.

THE Globe-Democrat gives its readers this piece of good advice: "The city papers are all right, but it is your local paper that advertises your business, your schools, your

churches, your societies, and sympathizes with your prosperity. In short, it is your local paper which mentions the thousands of items in which you are personally interested during the year, and which you do not find in the city papers. Support your home paper and help home industry and thereby further the advancement of your town and community, to which end the paper is continually working."

THE house of representatives has put itself "in a hole" by insisting upon an election bill framed by a notorious machine politician, who has been discredited by the better element of his own party, instead of a non-partisan measure framed and urged by the conservative citizens of St. Louis after a thorough examination of election frauds.

Last Night's Poverty Party. The "poverty party" given by the young people of the Central Presbyterian church, last evening, in the Minter building, was quite a unique and successful affair. It was very difficult to be arrayed so plain as not to escape a fine for some indulgence of luxury in dress. Simple, cooling beverages were served and "phun" was at a premium. There were some very successful impersonations, among which might be noted "Farmer Hayseed," "The Little Jap," "The Dutch Going Back to Vaterland to be Married," "The Irish Biddy," &c. During the evening the "Independent Mandolin Club" rendered some choice music, to the delight of all present.

The New I. O. O. F. Hall. The Odd Fellows of this city have just consummated a deal with J. W. Baldwin, of Sedalia, says the Rockville Reflex, whereby they secure a five year lease on the south half of the opera building, which will be partitioned and otherwise arranged, and when completed they will have one of the most commodious lodge rooms in the southwest.

Their main lodge hall will be 25x55; reception room 21 feet square; ante room 12x24 and property room 8x12.

The partition will be a double one, lathed and plastered on both sides. Workmen are now remodeling the hall and the lodge will have possession in about ten days.

Granted a Divorce. Mrs. Harry Mitchell, of Nevada, daughter-in-law of Capt. Harry Mitchell, a former Sedalian, was yesterday granted a divorce from her husband on the ground of desertion. Young Mitchell is manager of "A Cork Man" theatrical company and recently visited Sedalia.

Going to Settle It. There is a conflict of opinion at Warrensburg as to whether the Wood local option law or the general dramshop law is in force. At a meeting of the council Wednesday night an election was ordered for June 11 to settle the question.

WHY THEY DON'T WIN

Chris Von der Ahe's Poor Policy the Cause.

SELLS ALL HIS GOOD MEN.

Of All the Money Chris Received for the Sale of Players Little Went to Improve the Team.

There is hardly a crank in St. Louis that is not disappointed with the baseball club representing this city, says yesterday's Post-Dispatch.

Chris has wrecked the Browns by mismanagement and the conversion of his best players into cash. In other words, his policy has left St. Louis without a representative team. The Browns cost Von der Ahe but little over half what he received for Hawley plus Ehret. Hawley, by the way, was a pick up, who did not stand Von der Ahe a single dollar. Yet Pittsburg gave \$3,500 and Ehret for him.

How much did the Browns cost Chris? He paid Montgomery \$400 for Peitz; Clarkson's release cost \$800, Ely stands him \$200 and he paid Pittsburg \$400 for Miller. That makes a total of \$2,000. Subtract \$2,000 from \$3,500—the bonus for Hawley—and Chris has his team and \$1,500 to the good. Not one of the other players cost him a cent. Breitenstein was a pick up and so was Cooley. He got Staley, who he once sold along with Beckley for \$4,000 to Pittsburg, back for nothing.

Lyons was not on any club's reserve list when he signed with Von der Ahe. Cliff Carroll was given to Boston in exchange for Quinn and Roger Connor was released by New York at his own request. Twineham is another pick up. So are McDougal and Hogan, who are farmed out of minor league teams. Tom Brown was obtained in a trade for Shugart, who was secured from Pittsburg along with \$500 in exchange for Glasscock. Dowd did not represent a dollar's outlay.

Von der Ahe has received \$37,400 at least from the sale of players. He sold Foutz, Carruthers and Bushong to Brooklyn for \$18,500; Welch and "Whoa" Billy Gleason to the Athletics for \$4,000 and Milligan; Glasscock to Pittsburg for \$500 and Shugart; Brodie to Baltimore for \$800; Pitcher Gleason to Cincinnati for \$800 and Jack Boyle; Beckley and Staley to Pittsburg for \$4,000; Freeman to Milwaukee for \$1,000; Tom Deasley to the old Mets for \$400. These amounts foot up \$37,500. There are others, which if recalled, would swell the total.

His outlay for players was as follows: Chamberlain, \$4,200; Bay City team, of which Foutz was a member, \$3,800; George Miller, \$400; Peitz, \$400; Clarkson, \$800; Ely, \$200—total, \$9,800. This is considerably less than \$37,500, the amount he received for players. It is about one-fourth as much. Von der Ahe did not put out a dollar of the \$3,000 he received in the Ehret-Hawley trade for players, as he promised when the deal was made. Every club in the league bought or drafted old favorites since last season except the St. Louis club and the strong New York club. Even Louisville invested in talent. Von der Ahe does not want to buy players. He has them for sale.

Anyone who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionary establishment. Some months ago, on leaving the heated work room to run across the street on an errand he was caught in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle in the house.

If you have not seen him yet, you have only three more nights to avail yourself of the opportunity. Tonight several new tests will be put on, including the great stump speech of Mr. Thomas Adkins, who will, while under mesmeric control, deliver his famous political speech on politics, capital removal, etc., and will sing several songs suggested by Lee's influence. It will be remembered Mr. Adkins' singing was a great hit on his last visit and tonight will be the only time this pleasing test will be given.

Some Meat That Has Not Advanced.

Notwithstanding the fact that all classes of fat stock have advanced out of sight of all expectation, the Newton Meat Co. wish to call the attention of the public generally that they have not advanced the price on their prime Sunday roast beef, and they are selling more of those fine roasts than ever, for they are something that is hard to get elsewhere. For this reason we have the largest amount of cold storage by one-half than any two other markets in Sedalia, and we cut our prime roasts off several days before they are offered for sale and put them away in our mammoth refrigerators and when they come out and are sent out to our customers they never fail to give the very best satisfaction. This is something that cannot be had elsewhere in Sedalia.

In fact all of our meats are held in our cold storage vaults for several days before they are offered for sale. This is why they give much better satisfaction than you get elsewhere.

We notice one fact which will give an idea of what estimation is placed upon our meats. Whenever any family is expecting company and want something extra and prime they always call on Newtons to furnish the meats. Why is this? You all know.

Come in. You will always receive the best of treatment and the choicest meats. Telephone 120.

You would have guessed our \$8.00 Suits at \$10.00.

You would think it absurd that 14 and 18 dollar Suits elsewhere are 11 to 14 dollars on our counters.

False teeth grow fast to the gums of men learning our prices on Underwear, Socks, Handkerchiefs, Etc.

Lost men have been found petrified in their rooms gazing at our "King Shirts"—paralyzed at the value in them.

"What's that Hat worth?" A dollar and a quarter. "Holy Moses! I gave two for this one."

FRED SCULLIN HURT

A Popular Young Man Who Was Born in Sedalia.

WAS FOUND IN THE STREET

Was Run Into by a Buggy on His Way Home After a Tandem Trip With Miss Alby Plant.

Fred Scullin, who was born in Sedalia, a well known society man and son of John Scullin, the street railway magnate in St. Louis, met with a peculiar accident shortly after 4 o'clock yesterday morning. The Post-Dispatch says:

While heading down Lindell avenue at full speed on his bicycle, he collided at the corner of Teresa avenue with a horse and buggy, the shaft of the latter striking him in the groin, inflicting serious internal injuries.

About 4:20 o'clock Officer Miller, of the Fifth district, while walking south on Ware, near Lucas avenue, heard loud groans. He followed the direction of the sound until he came to the crossing of Lindell and Teresa avenues. Here he found young Scullin lying prone in the middle of the street. Several feet away lay a tandem bicycle.

Judging from his agonized groans, Scullin was suffering intense pain. His cries attracted several men from the coupe company; half a block below. A private watchman also came up. Officer Miller ordered a carriage from the coupe company and at the injured man's request drove him to the residence of Dr. Van Brokaw, Compton and Washington avenues.

On the way to the doctor's office Scullin told the officer that he had been out riding the tandem during the earlier part of the evening with Miss Alby Plant, of 3643 Washington avenue. After leaving her at home he spent some time with young men friends in the neighborhood of Grand avenue and Olive street. He started shortly after 1 o'clock for the Mound City Coupe Co., intending to turn in his wheel and take a cab for his home, 7200 South Broadway. He was coming down Lindell avenue at full speed and had just reached Teresa avenue when a buggy, driven by a colored man, and containing another colored man and woman, wheeled into Lindell avenue from Ware avenue.

It was too late to turn the heavy machine out of the way and a collision occurred. The shaft of the buggy struck Scullin in the right side of the groin, knocking him from his wheel into the street. When he recovered consciousness his wheel was lying several feet away from him. He could see the light from the coupe company's office down the street and tried to crawl towards it, but the pain in his side was so intense that he fainted twice before reaching the sidewalk. He was dazed by the pain and, losing his direction, crawled back into the center of the street, where the officer found him.

Scullin did not suffer much during the carriage ride, but when he reached the doctor's office he was fainted out by the cabman, Officer Miller and Private Watchman Leon. The movement seemed to cause him intense pain. His screams could be heard for blocks away and aroused the whole neighborhood.

Dr. Brokaw said Thursday morning his patient was doing fairly well. The extent of the injuries could not be stated, as they were internal. He was very hopeful, and while admitting the serious nature of the injuries, thought there was no cause for alarm. Mr. Scullin's family were notified and are at his bedside. He will not be removed from Dr. Brokaw's for the present.

Officer Miller, who found Mr. Scullin, says the accident most probably occurred only a short time before he heard the groaning. "I saw Mr. Scullin in Tony Cava-graora's saloon about 12:20 o'clock," said the officer. "He was with Dr. Max Smith and a crowd of young men. About 1:15 o'clock he was down at Bart's on Lindell and Ware avenues. There was a young lady with him and they had a bottle of wine brought out to them while they remained seated on their tandem at the curbstone. I could find no further trace of him in the neighborhood until I discovered him at 4:20 o'clock in the morning.

"I passed the corner of Ware and Lindell avenue not more than fifty feet away from where Scullin was lying about three quarters of an hour before. Then the Bell telephone office is on the corner of Teresa and Lindell avenues. The windows are open and the operators are at work all night. I inquired up there if they had heard the noise of

A careful microscopic examination and chemical analysis of the urine, is a valuable aid in determining the nature of many chronic diseases, particularly those of the nervous system, blood, liver, kidneys, and bladder. These aids make it possible to treat such diseases successfully at a distance, without personal examination of the patient. Thus Bright's Disease of the Kidneys, Inflammation of the Bladder, Gravel, and other Diseases of the Urinary Organs are successfully treated; Nervous Debility, Exhaustion, Dropsy, Liver Disease, and many other Chronic Maladies are cured without seeing the patient. The Organ Recital.

The organ recital by Prof. Alfred G. Robyn, of St. Louis, last night, at the Broadway Presbyterian church, attracted a large audience, all of whom were delighted with the evening's entertainment. The solos of Mrs. W. D. Steele, Mrs. Chas. Green, of St. Louis, and Miss Maud Shirk were in keeping with Prof. Robyn's artistic work and were highly complimented.

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhea. Hechanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhea Remedy, and we went to the Holden drug store and procured a bottle of it. It gave Mr. Carter prompt relief, and I can vouch for its having cured me."

"SEDALIA'S BABY ACT."

What the "Organ" Down at Sleepy Hollow Has to Say.

Because the DEMOCRAT advised the managers of the Sedalia ball club to see to it that an umpire was arranged for before the Future Capitals visit Jefferson City next Monday the Tribune grows wrathful, and, under the caption of "Sedalia's Baby Act," printed the following yesterday:

The Sedalia papers have set up a howl already about the game of ball next Monday. The DEMOCRAT is endeavoring to get out from under defeat by warning the manager of the Sedalia team that he will be "clobbered" by the game and a lot of other Tommy-rot of like character. It is hoped, for the sake of the patrons of the park, that the Sedalias will refrain from playing the baby act as they did in the last game played here last year. Then they quit the field when they saw inevitable defeat staring them in the face.

The DEMOCRAT has no fear of Sedalia's defeat at the hands of the rabbit-chasers of the prison town.

All that Sedalia asks is that instead of a resident of Jefferson City or vicinity an impartial and competent umpire from St. Louis or Kansas City be chosen, and that he be protected from the rabble of Sleepy Hollow, in which event the Future Capitals will mop up the earth with the Present Capitals just as Sedalia proposes to knock Jefferson City from the face of the earth in November, 1896.

Eureka Chemical and Mfg Co., La Crosse, Wis.
Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and to-day I consider myself completely cured. I am in perfect health, and has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly, C. W. HORNICK.

THE FRUIT CROP.

The Next Meeting of the State Horticultural Society.

The semi-annual meeting of the Missouri State Horticultural society will be held in the opera house in Willow Springs, on June 4, 5 and 6, 1895. The Kansas City, Ft. Scott and Memphis and Central Branch railways will give a rate of half-fare for round trip. The San Francisco and Missouri Pacific railroads will give a rate of one and one-third fare on the certificate plan. Hotels will give rates of \$1 and 75c per day.

In this connection, Secretary Goodman makes the following report in regard to the fruit crop:

The apple crop promises to be the largest our state has ever produced.

The peach crop in many localities will be a grand one in spite of the destruction of three-fourths of the fruit buds last winter. It simply proves that nature provides many times the number of buds required to make a fruit crop. In some locations, not confined to either the north or the south, there will be scarcely any, while fifteen miles away there will be a good crop.

The pear crop promises better than ever. The cherry and plum trees were loaded with bloom and promise a very fair crop indeed. Grapes are in splendid condition

and will be as full as last year. Raspberries were injured by last summer's heat and drouth, and while the crop will not be a full one, yet there will be many berries.

Strawberries, where well cared for and well mulched, give good promise and the larger acreage will give abundance of them, but where neglected and injured by drouth of last summer they will be very slim indeed. Blackberries promise a fair crop.

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefies the tough mucus and aids its expectoration. It also lessens the severity and frequency of the paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance.

RAILROAD RUMBLE.

The Fellow-Servant Bill at Jefferson City.

A COMPROMISE POSSIBLE.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

The general solicitors of the Missouri Pacific, the Wabash and the Burlington railroads appeared before the senate labor committee last night to endeavor to effect a compromise on the subject of fellow-servant legislation.

Col. Cochran, of the Missouri Pacific, said the railroads were willing to accept the Peers bill, with the co-insurance clause—the company to pay one-half of the premium and the employee the other half—if a section should be added providing "that no servant who may be injured by the negligence of a fellow-servant shall have the right to recover for, or on account of such injuries, if, at the time such injuries are incurred, there exists any contract or arrangement, either made directly by said servant with his employer or by anyone else with said employer in the interest, or for the benefit of said servant, whereby the sole and unlimited right of his employer to discharge, suspend or re-instate said servant is in any way limited, controlled or restricted."

It is conceded that Chairman Caldwell has made a failure of his attempt to organize a blanket passenger association. Transcontinental lines will now try to form an organization of their own.

The new time card that goes into effect on the Missouri Pacific Sunday morning is the best for the traveling public that has ever been got out. The changes from the old card will be noted in the SUNDAY MORNING DEMOCRAT.

Wm. Kennedy, foreman of the fence gang on the M., K. & T. road, Mineral division, met with a painful accident about 6 o'clock yesterday evening, says the Nevada Post. Kennedy, with others, was on a hand car when Kennedy in some manner lost his balance and fell, the wheels passing over his body. He is said to complain of pains in his stomach. He was taken to the M., K. & T. hospital at Sedalia.

A Delightful Reception.

One of the prettiest receptions given in Sedalia this year was that of last night at the hospitable home of Mr. and Mrs. J. K. Yeater, on West Fourth street, by their accomplished daughter, Miss Cora, in honor of her cousin, Miss Jameson, a society belle of Fulton, Mo.

Miss Yeater is a charming entertainer, and her guests passed a delightful evening. The parlors were beautifully decorated for the occasion.

\$800 in Gold Drowns a Man.

At the burning of a steambot on the Hudson River forty years ago, many of the passengers were drowned. Among the bodies brought up from the bottom of the river by grappling was that of a man known to have been an excellent swimmer. Around his waist was a belt containing nearly \$800 in gold. That told the story.

"In old and chronic cases of indigestion (dyspepsia or gastritis—it is all the same) the sufferer develops a great variety of symptoms and often dies—poisoned by the products of his own torpid and inflamed stomach. His food, instead of being digested, and so furnishing strength and physical substance, ferments and putrefies within him. The chief process of life is arrested at a vital point. The more he eats the worse off he is. And yet unless he can be fed he must also perish. People do so die, daily, by thousands, but we doctors seldom have the moral courage to give the cause its true name lest we should be laughed at for our inability to cure so 'simple' a thing as indigestion. Simple? Why, it is the capstone of all complaints—and the mother of most of them."

So writes a famous English physician.

Some of the symptoms alluded to are these: Loss of appetite; distress after eating; heartburn and palpitation; giddiness; foul taste in the mouth; the rising of nauseous acids and gases into the throat; furred tongue; spots before the eyes; unaccountable weariness and fatigue; sluggish circulation; weakness and nervous prostration; constipation or diarrhea; discolored skin, &c.

The sufferer's friends often advise him to cheer up, to throw off his lethargy and eat freely. Bad advice. He knows better. "No," he answers, "I cannot; my food does me no good." He is right. Food now is gold in the spent swimmer's belt.

Take light nourishment, followed immediately by a dose of the Shaker Digestive Cordial—a new and radical remedy discovered and prepared by the Shakers of Mt. Lebanon, N. Y.—the essence of medicinal herbs and plants cultivated by them alone. Then continue with it. Relieves at once and soon cures. Pleasant to the palate and adapted to all constitutions.
